PROMULGATION

September 5, 2019

Dear Brothers and Sisters in Christ,

Our children and young people are among society's most vulnerable, and the Church takes very seriously the obligations to protect them. The Diocese of Gallup continues to work diligently to comply with the *United States Conference of Catholic Bishops Charter for the Protection of Children and Young People* as part of our church's response to prevent the abuse of children. We are committed to observe its precepts.

Our actions include scrutiny of new employees and volunteers plus education of our staff, and assemblies for increased awareness, prevention and reporting of abuse. We also mandate education for the children in our programs in the knowledge of behavior to expect from adults and what to do if they encounter anything inappropriate.

With this letter I approve several revisions in the *Diocese of Gallup Policy and Procedures for the Protection of Minors*. The changes were made to provide greater clarity in portions of the previous edition of the policy. Several appendices were added for reference and administrative support to include one which provides firm guidance for allowable activity by persons with a history of various criminal convictions. Our goal is to create an environment within all the facilities and activities in our Diocese that is free of any sort of abuse or activity that would compromise the safety or well-being of all participants. This includes vigilance to risks caused by the changing social realities of our times. Our vision is that our church remains a place of peace and security to learn, play, worship and encounter the Living Christ.

Pope Francis added a new parameter in the scope of abuse prevention with the promulgation of *Vos estis lux mundi* (May 7, 2019). I fully support the directives and protocols issued by the USCCB to implement the Pope's instructions. I and this diocese will abide by the directions and policies established by the metropolitan archbishop for reporting and accountability of the actions of bishops. These will be published for the benefit of the faithful.

The people of the Diocese of Gallup have done outstanding work to ensure the safety and well-being of the children entrusted to our care. I thank all those responsible for carrying out our policies over the past ten years of my episcopacy. Through this revised plan we will continue to improve our programs to provide a safe environment for our children, young people and other vulnerable persons. With this letter I recommit our diocese to this cause and declare that this Policy has the force of diocesan law and is binding on the whole Diocese of Gallup with the effective date of September 5, 2019. May the Lord bless our work, and may we rely on the intercession of Our Lady of Guadalupe, Patroness of the Diocese of Gallup, so that all we do might be to the greater glory of God.

Sincerely yours in Christ,

James Seán Wall
Bishop of Gallup

Catholic Diocese of Gallup

Policy and Procedures for the Protection of Minors

Policy

It is the policy of the Catholic Diocese of Gallup that any sexual, physical or emotional abuse* of minors is not acceptable and will not be tolerated.

This document initiates the intent and guidance of the *USCCB Charter for the Protection of Children and Young People, June 2011*, as applicable for the Diocese of Gallup. For the intent of the Charter and this policy the offense of sexual abuse of a minor applies to children below the age of eighteen years and in the case of a person who habitually lacks the use of reason is to be considered equivalent to a minor. The definition also extends to the acquisition, possession, or distribution of pornographic images of minors under the age of eighteen, for purposes of sexual gratification, by whatever means or technology.

For the purposes of this policy the suitability for ministry and requirements for standards of behavior apply to all participants in the leadership and conduct of church activity. This includes not only clerics, religious and employees but also the volunteers of the church and those outside agencies contracted or allowed to use its facilities. The process is multifaceted to include education, surveillance, inspection of credentials, legal investigation, response to previously abused persons and procedures to remove permanently from ministry any individual who violates the precepts and sacred trust that ministry entails. It implies the goal to increase awareness among all the faithful to improve the vigilance of the entire community both within the church and in the secular community as well.

Prevention & Education

Article 2. Value of a Safe Environment

The Diocese of Gallup is committed to providing a safe environment where we value and honor every individual as created in the image and likeness of God. Ideally no minor will ever be abused; these policies are intended to achieve this ideal. The Diocese of Gallup is dedicated to upholding a culture of safety and the protection of all of God's children from abuse.

Relationships among people are the foundation of ministry within the Catholic Church. Defining healthy boundaries and policies to maintain safe environments are not meant to undermine the importance of personal contact or the ministerial role in any way. Rather, they are meant to assist all employees and volunteers within the Diocese of Gallup to minister safely with consistent written standards which will safeguard all minors, the well-being of the community, and the integrity of the Catholic Church.

Article 3. Office of Safe Environment

The role of the Office of Safe Environment is to cultivate a culture of prevention and safety within the Diocese of Gallup; to educate and inform about safety protocols and practices, and be a resource to parishes and schools on safe environment issues. In addition, it is the responsibility of the Office of Safe Environment to coordinate abuse prevention programs for children in accordance with the requirements set forth within the Charter for the Protection of Children and Young People. The Office of Safe Environment also has the responsibility to conduct audits of all Diocesan programs for compliance of assuring a safe environment for minors. The Office of Safe Environment will keep on record the documentation of those who complete the foundation Safe Environment Training (SET) in the Diocese of Gallup and help to track on-going education. It will also facilitate background checks.

Article 4. Safe Environment Training (SET) Requirements:

All adults serving within the Diocese of Gallup shall:

- Be aware of signs of child abuse. (See Appendix II)
- Be aware of abusive behavior such as grooming behavior. (See Appendix II)
- Follow policy, procedures and take steps to protect minors.
- Abide by Arizona, New Mexico and Tribal Statutes and written Diocesan procedures if abuse is suspected or observed. (See Appendix I – Directory of Terms).

Training of diocesan personnel to assure a safe environment for minors (SET) will consist of two phases. The first is a foundational training covering the basic awareness and responsibilities for the protection of minors. The initial SET is only recognized/accepted when validated by an official certificate from the Office of Safe Environment. In addition, the trained person must sign the Code of Ethics (see Appendix III).

The second phase of SET involves on-going education (or renewal). This will be required annually and must be accomplished within the safe environment training year which is July 1st – June 30th. One of the options for mandatory on-going education must be accomplished yearly beginning in the year following initial foundation training.

The details of SET training and various possible methods of renewal are covered in Appendix XII. Personnel who fail to perform the required continuing education or an approved renewal may not continue ministry until their status is restored. Delinquency is effective on the beginning of the new training year, July 1st. This will affect eligibility to continue employment if not rectified.

A. The following individuals shall complete Safe Environment Training **annually**:

1. Clergy, Seminarians, Religious (see Article C for exceptions) and Lay Employees in a position that supervises/chaperones minors must complete their initial SET prior to service. All others should complete their initial SET within one month of beginning service within the Diocese. Each year thereafter, Clergy, Seminarians, Religious and Employees should complete their annual SET by June 30th and any additional periodic training as required. For purpose of this section, the term “Clergy, Seminarians, Religious and Employees” shall include the following:
 - a. All priests and deacons (Clerics);
 - b. All religious, deacon candidates, seminarians; and
 - c. All paid personnel whether employed in areas of ministry or other kinds of service by the Diocese of Gallup, parishes, schools, missions, retreat centers or other diocesan locations.
2. *Affected Volunteers* (see definition in Appendix I) serving in a position that supervises/chaperones minors must complete their initial SET prior to service. All other Affected Volunteers should complete their initial SET within one month of beginning volunteer activities within the Diocese of Gallup. Each year thereafter, all volunteers that require annual SET should complete that training by June 30th according to the guidance of Appendix XII. For purposes of this section, the term “Volunteers” automatically includes:
 - a. Every adult volunteer serving in any capacity that focuses on minors
 - b. Every adult volunteering in food pantries or regular meal service
 - c. Every adult volunteer providing ministerial service in private homes
 - d. Every adult serving in an after school program
 - e. Every adult volunteering in hospitals and nursing care facilities
 - f. Any adult volunteer who routinely works in the same place where minors are allowed and frequently visit.
3. Affected Volunteers who become inactive in ministry and do not maintain their on-going SET education will become delinquent and not eligible to re-enter active ministry. They can be restored if they complete an approved renewal process within 12 months of becoming delinquent. If they want to return to ministry after that time lapses they will be required to attend a new foundational SET workshop.

4. Minors enrolled in Catholic Schools and/or Diocesan Religious Education Programs should complete an age appropriate Safe Environment Training approved by the Diocese of Gallup within each academic year. The individual school and/or program will maintain documentation of completion of training and letters documenting parents' approval or declination of training.
5. Incardinated clergy who are active in priestly ministry and are living and ministering outside the diocese (including retired clergy) are required to complete the following requirements:
 - a. Sign the Code of Ethics annually
 - b. Comply with ONE of the following two options for SET:
 - i. Follow the Diocese of Gallup's SET requirements (see Appendix XII)
 - ii. Follow the requirements of their diocese of residence. The Safe Environment Office must receive a letter annually from the host diocese's Safe Environment Office (or equivalent) stating compliance.

B. Incardinated Clergy NOT in Current Ministry

1. Incardinated clergy of the Diocese of Gallup who are not in active ministry either due to health or canonical restrictions are not required to undergo repeat background checks, Safe Environment Training or annual Code of Ethics forms.
2. Incardinated clergy of the Diocese of Gallup who wish to return to ministry after a prolonged absence from ministry:
 - a. If they have remained current with the Diocese of Gallup's SET requirements then they must simply make the Safe Environment Office aware of their return to ministry.
 - b. If they are not compliant with the Diocese of Gallup's SET requirements, but have been compliant with the diocese where they reside, the Safe Environment Office needs to receive a letter from that diocese stating that they are compliant.
 - c. If they have not been compliant with any SET for greater than 24 months, they require foundation SET training.

C. Other Priests, Deacons, and religious brothers and sisters

1. Those who are visiting the Diocese for an extended period or assigned to the Diocese by a Religious Community including those who are requesting provisional faculties from the Bishop of the Diocese of Gallup to serve in the Diocese must comply with the following:
 - a. Priests must notify the Office of Chancellor that they intend to serve in the Diocese and must provide verification to the Office of Chancellor that they are in compliance with the Safe Environment Training requirements of their own Diocese or Religious Community.
 - b. Deacons, religious brothers and religious sisters must notify the Office of Chancellor that they are visiting the Diocese, and must provide verification to the Office of the Chancellor that they are in compliance with the Safe Environment Training requirements of their own Diocese or Religious Community.
 - c. Any clergy or religious persons in this category are exempt from on-going education for only 3 months' duration. After that time they are obliged to comply with the

policy for on-going education the same as for regular diocesan personnel of the same duties. (per Appendix XII)

- d. The Office of Safe Environment will ensure that annual documentation is established in compliance with the Diocese of Gallup SET policy.
 - e. All records will be maintained per canon law.
2. Those who are visiting the Diocese for a limited, specific purpose (i.e., to celebrate Sacraments, or participate in a retreat/speaking engagement or other short term ministry) and who desire to exercise their faculties must meet the following requirements:
- a. Visiting priests and deacons must secure permission prior to the exercise of their faculties within the Diocese of Gallup. They must notify the Office of the Chancellor that they are visiting the Diocese and provide verification of their credentials in good standing to include compliance with the Safe Environment Training for minors as per requirements of their own Diocese or Religious Community. Normally this is accomplished by a letter of suitability provided by the home diocese. Activities within a parish must always comply with the guidance of the pastor of that parish.
 - b. Visiting religious brothers and sisters do not require special permission unless they are assuming some leadership role as a religious member. In that case they must secure permission by notifying the Office of the Chancellor and must provide verification that they are in good standing with their own diocese or religious community to include compliance with the Safe Environment Training requirements appropriate to them.
 - c. Visiting clergy who anticipate serving multiple short periods of time, not to exceed an aggregate of 90 days (otherwise Section C, #1 applies), may be authorized for periods of service up to 12 months if requested. New verification of suitability (per 2a) is required for renewal.

D. Outside Organizations:

- 1. Outside organizations who come into contact or interact in any way with minors or who host events/meetings weekly or at least 5 times per month at a Diocesan place of business must meet the following guidelines:
 - a. Leader(s) of hosted events/meetings must be in compliance with the volunteer safe environment training requirements set forth in this Policy. This includes completing the following:
 - i. Annual safe environment training
 - ii. Annual update of the Outside Organization Compliance Form (see Appendix X)
 - iii. Face-to-face interview conducted by Diocesan contact (see Appendix XIV for a sample interview)
 - iv. Reference check conducted by Diocesan contact
 - v. Current Background check (within 5 years)
 - b. Organization must annually submit leadership name(s) and contact information to the Diocesan location office
 - c. Organization leader(s) must agree to comply with the Policy and Procedures for the Protection of Minors

- d. The Diocesan place of business is responsible that all outside organizations complete the Compliance Form and they will be audited annually by the Office of Safe Environment by report or inspection.
2. Visiting individuals or groups from outside the Diocese of Gallup who are coming for a brief specified time for a presentation or event (such as mission groups) must seek prior authorization and complete the "Roman Catholic Diocese of Gallup, Office of Catechetical Ministry/Office of Youth Ministry and Evangelization Guest Speaker/Performer/Missionary Work Approval Form" (See Appendix XVII). Approvals must go through the Office of Catechetical Ministry/Youth Ministry and Evangelization. The leaders of the group must be up-to-date on safe environment training. It is possible to accept the credentials for SET from their originating diocese if properly documented and sent directly by their diocese. Otherwise, they will require training immediately upon arrival before beginning their activity in the Diocese of Gallup.

Article 5. Screening Employees and Volunteers

A. Records/Applications:

1. All new employees, clergy, and religious brothers and sisters must have an employee application, a background clearance (see below), a documented Face to Face Interview and references (see below). These must be complete and reviewed prior to employment.
2. All new *Affected Volunteers*, 18 years of age and older, must submit a Volunteer Application Form (see Appendix VI) and complete a background check. References are required and a Face to Face Interview. These are to be completed prior engaging in ministry. (see details below)
3. All previous employees, clergy, and religious brothers and sisters and *Affected Volunteers* (those who began their activity prior to the effective date of this policy) must be in compliance with existing policies at that time. This would include at a minimum documentation of a background check, SET and a signed Code of Ethics.
4. Clerics transferred to the Diocese of Gallup from a diocese in the United States of America, either temporarily or with the intent of incardination, must have a letter from the sending diocese verifying their assignment by their bishop. Documentation must also be forwarded giving the status of their background checks and SET education. This will stand in lieu of the application, local background checks and foundational SET as long as the sending diocese is in compliance with the USCCB Charter. Subsequent background checks will be done in the five-year cycle based on the date of their reported review.
5. Clerics from international locations will be managed and documented as per clerics from the USA except that they will require foundational SET at the onset prior to ministry. They will begin standard background checks after 2 years in service in the Diocese of Gallup and then on a five year cycle.
6. A personnel/training file should be maintained on all individuals affected by this policy. It may be included in their regular personnel file or separately as long as it is a consistent researchable system of files. All documents will be maintained in a secured locked facility in the Chancery, church, school and/or ministry office as appropriate. Note: The Chancery will be the repository of these documents specifically for all clergy and direct employees of the

diocese. This will include religious brothers and sisters working in the diocese who do not have an organized office in the diocese with a designated supervisor and who are not otherwise included as a direct employee of a school or organization which retains their personnel and training file. (The Office of Safe Environment should be contacted to resolve any question.)

B. Background Checks:

1. Background Clearance checks will be processed through the Office of Safe Environment. (Background clearance form Appendix V)
2. The results of the background check must be completed, reviewed and accepted by the supervisor prior to beginning work or ministry. The documents must be annotated with a date of review, approval and signature of reviewer (or an attached note stating the same).
3. Any indication of criminal activity reported on a Background Check requires a reference to Appendix XVI: The Diocese of Gallup Eligibility for Employees and Volunteers with Criminal Convictions. Convictions determine the applicable restrictions and time frames for expiration of those limitations. The three possible conditions are: Ineligible (I), Advisory (A), and Eligible (E). The "Advisory" condition requires the supervisor to investigate the circumstances. Pastoral judgment is allowed. The information and decision should be documented in writing and placed in the personnel or volunteer folder.
4. In the case of a person being found ineligible by Appendix XVI, the pastor/organizer/supervisor can seek an exception. They must send a letter to the Safe Environment Office detailing the circumstances and requesting permission to grant privileges that the Criminal Conviction Matrix would otherwise prohibit. The final authority for exceptions rests with the bishop. If approved, a letter of exception will be provided by the Safe Environment Office for inclusion in the employee or volunteer folder.
5. If any adverse decisions are made based on the background check, the affected individual should be counseled about the decision and allowed to view the document if desired.
6. Background Checks must include a search of driving citations and convictions for anyone driving diocesan owned vehicles, or transporting non-family member adults or children in privately owned vehicles for official church or school related activities. See Appendix VIII for details of general transportation policy and driver restrictions created by adverse driving records.
7. Fingerprint security clearance is only required if there is a specified requirement in the job description or due to licensure requirements.
8. Background checks will be returned to the initiating parish/organization. It is the responsibility of the pastor/organizer/supervisor to review the document and properly annotate that it was checked and by whom. The document must then be secured under lock and key. The keys must be controlled and only specified persons have access to these files. A key access log is required. No information will be released to anyone within the organization who does not have a need to know for business purposes. No sensitive information may be released outside of the organization except by written request of the subject person. A copy of the background check may be given to the subject upon request.
9. The background clearance must be reprocessed every 5 years.

C. Face to Face Interviews: (See Appendix XIV for sample interviews)

1. Shall be completed on all new clergy, employees and Affected Volunteers. (May not assume duties until completed.)
2. Shall be completed on a random selection of clergy, employees and *Affected Volunteers* as part of an annual review of programs for youth safety. (Goal = at least 10% each year)
3. The interviews will be done by the supervisor of the agency/organization or by a designated qualified individual. (The supervisor must review the document if performed by another person.) Documentation of the interview is retained in the individual's personnel/training file.

D. Reference Checks: (minimum of two)

1. References shall be obtained on all new clergy, employees and Affected Volunteers. Ordinarily these would consist of a letter received from a person that is an acquaintance, colleague or supervisor of the applicant who is in a position to know details of character, activity and performance, particularly in regards to interactions with minors. Normally the applicant provides these contacts but they must be acceptable to the receiving supervisor as appropriate and reliable. Alternatives would include a direct interview of a contact or a telephone interview which would then be documented in writing for the file. (In the case of new clergy, the testimonial documents of the formation leaders will suffice.)
2. References must be received and reviewed prior to any work.
3. The reference documentation is retained in the individual's personnel/training file.
4. References are only required for the initial application process unless the supervisor has some reason to seek addition information at a later time.

E. Identifying Registered Sex Offenders

An important part of abuse prevention includes identifying registered sex offenders who may frequent Diocesan Pastoral Center, parishes, Catholic schools, and all other Diocesan locations. Therefore the following steps will be taken:

1. All employees and volunteers in parish, school, or ministry programs must be registered at a parish, school, or ministry office. Their names must be maintained in the Safe Environment Training database and will be compared to the Arizona and New Mexico Sex Offender website on a regular basis by the Office of Safe Environment, Principals, pastors, parish administrators. Pastoral Response

Article 13. Review Board

A. Purpose:

The Review Board serves as a confidential consultative body to the Bishop regarding allegations of sexual abuse by a cleric (an ordained priest or deacon). The Bishop will notify the Review Board chairperson of any allegation of sexual abuse by a cleric by phone with follow up at the next Review Board meeting. The Review Board chairperson will then notify the Review Board members of the allegation. The Review Board is not investigatory in nature, but advisory in its capacity to assist the Bishop in assessing the allegations on the basis of the facts and proofs gathered by the Investigator (the person who investigates the allegation). The Review Board must also examine any exculpatory evidence brought to its attention that might exonerate the accused cleric. The Review Board members are held in confidentiality to all aspects of the allegations.

The Review Board is to meet on at least a quarterly basis. The Bishop will apprise the Review Board of any allegations, investigations and outcomes until the case is resolved. After receiving the advice of the Review Board and the conclusion by decree of the preliminary investigation the Bishop determines whether it is probable that a delict (crime) has been committed as alleged (Canon 1718, §1). (See Appendix XV for details.)

B. Membership

Members are appointed by the Bishop and serve for a term of 5 years. The appointment may be renewed, and shall continue until a successor is appointed (*Essential Norms* 5). The members shall consist of:

1. At least five persons of outstanding integrity and good judgment, who are in full communion with the Catholic Church, the majority of whom are lay persons *not* in the employ of the Diocese.
2. At least one experienced and respected pastor.
3. At least one member with particular knowledge and expertise regarding the sexual abuse of minors.
4. The Promoter of Justice, *ex-officio* (non-voting member).
5. Vicar General, *ex-officio* (non-voting member).
6. Chancellor, *ex-officio* (non-voting member).
7. Consultant, the Director of the Office of Safe Environment, (non-voting member)
8. Consultant, Victims Assistance Coordinator (non-voting member).

C. The Role

1. To advise the Bishop in assessing allegations of the sexual abuse of minors by priests, deacons, religious or lay persons.
2. To assist the Bishop in determining suitability for ministry of priests, deacons, religious or lay persons.

3. To advise the Bishop regarding all aspects of these cases of sexual abuse of minors, whether past or present.
4. To offer advice to the Bishop about the preliminary investigation of an allegation.
5. To review diocesan policies regarding the sexual abuse of minors.
6. To review with the Bishop that the procedures have been followed regarding notification of the proper authorities regarding the sexual abuse of minors.

Article 14. Canonical Procedures Regarding Alleged Sexual Misconduct by a Cleric with a Minor

- A. An allegation of sexual misconduct by a cleric with a minor is brought to the Office of Safe Environment; the Director reports a credible allegation of a minor to the civil authorities, and to the Bishop and the Vicar General and Chancellor. The Bishop may decide to initiate an inquiry in accord with canon law, in a manner that does not interfere with any investigation conducted by civil authorities. The Bishop must cooperate with any investigation conducted by civil authorities.
- B. In addition to any civil investigation, if the Bishop determines the accusation is credible, a decree is issued to begin a preliminary investigation (Canon 1717).
 1. The Bishop may take one or more of the following precautionary measures to protect the rights of all involved, and to avoid scandal to the faithful (Canon 381, §1; 129ff) (Essential Norms 9). He may require the cleric:
 - a. To refrain from contact with persons under the age of 18.
 - b. To refrain from contact with persons having lodged the complaint, with members of their families, and to refrain in any way from obstructing the preliminary investigation itself.
 - c. To reside in a place specified by the Bishop.
 - d. To refrain from public celebration of the sacraments and public exercise of ecclesiastical office.
 2. The accused cleric will be afforded the presumption of innocence until such time that accusations are proven creditable or discredited. Although the above actions may be required efforts will be made to protect the reputation and the rights of the cleric until the investigation is complete.
 3. The accused will be advised to seek counsel. They wish to seek advocates in both civil and canon law.
 4. After the decree opening the preliminary investigation, the Bishop appoints an Investigator to conduct the investigation (Canon 1428).
 5. The Investigator makes a preliminary progress report to the Bishop. The Bishop decides the disposition of the case; either
 - a. The Investigator's report is sent to the Review Board, or
 - b. The Bishop issues a decree concluding the preliminary investigation due to lack of evidence. The exonerated cleric then works with the Vicar General or Chancellor regarding future planning.

- C. The Review Board studies the reports sent to it by the Bishop and makes a recommendation to him regarding:
 1. The credibility of the accusation.
 2. The credibility of the accuser.
 3. The credibility of the witnesses.
 4. The next steps regarding the accused.
- D. The Bishop receives the recommendation of the Review Board and determines whether or not it is probable that a delict has been committed as alleged (Canon 1718, §1).
- E. The Bishop issues a decree that the investigation has been concluded; the same decree states that one of the following 3 steps will be taken:
 1. A decree with a referral to the Congregation for the Doctrine of the Faith (CDF)
 - a. The Bishop issues a decree placing the cleric on “administrative leave” by decree after consultation with the Promoter of Justice.
 - b. The Bishop issues a mandate to the Promoter of Justice to prepare acts, or evidence, of the case.
 - c. The Bishop writes his own opinion on the case for the CDF to determine if a delict was committed.
 - i. If the Bishop has made the determination that there is sufficient evidence that the sexual abuse of a minor has occurred, the provisions of Canon 1722, or “administrative leave,” are to be put in place. The provisions of Canon 1722 may be applied only *after* the preliminary investigation is completed and the matter is ready to be referred to the Congregation for the Doctrine of the Faith.
 - ii. The Promoter of Justice is to be consulted, and the accused is to be cited in writing. The citation is to inform the cleric of the accusation and the proofs which have been gathered, and to provide the cleric the opportunity to respond. Placing the accused on “administrative leave” is not a statement of presumed guilt, but is intended to protect all parties involved.
 - d. After reviewing the case, the CDF directs the Bishop on how to proceed.
 2. A decree with no referral to the CDF, stating that the allegations lodged against the cleric have been found to be manifestly false, i.e. there is not enough evidence to show that sexual abuse took place.
 3. A decree from the Bishop stating that administrative remedies will be issued for inappropriate conduct.
 - a. When inappropriate conduct has taken place, it may not be possible to establish the probability that a crime was committed; therefore, a criminal trial may not be warranted. The Bishop can make use of an administrative act, a “remedy,” to best protect the community, yet protect the rights of the cleric (Canon 88; *Essential Norms* 9). The *Code of Canon Law* allows for the following actions:

- i. The Bishop may request that the cleric freely resign from office (Canons 187-189).
 - ii. If the accused is truly not suitable for an office, the Bishop may remove the cleric from office observing the required canonical procedures (Canons 192-195; 1740-1747).
 - iii. Delegated faculties may be administratively removed (Canons 391, §1; 142, §1); faculties granted by the law may be removed or restricted by the competent authority.
 - iv. Circumstances in a particular case may constitute the just and reasonable cause for a priest to celebrate the Eucharist with no member of the faithful present, and may also forbid the priest to celebrate the Eucharist publicly and to administer the sacraments (Canon 906).
 - v. The Bishop may dispense the cleric from wearing clerical attire (Canons 85-88; 284).
- b. Such administrative actions are to be issued through written decrees. Any such actions are for the good of the Church and for the cleric. A cleric may also take recourse against such administrative acts in accord with canon law (Canon 1734).

Article 15. Communication/Notification Regarding Allegations Against a Cleric

Officials of the Diocese of Gallup will notify parish leadership and parish communities as soon as reasonably possible when a cleric serving there has been withdrawn from ministry because of credible allegation(s) of sexual misconduct with a minor(s). In addition, parishes and the Diocese at large will be notified when a cleric who once served in the Diocese has been arrested, indicted or convicted of sexual misconduct with a minor anywhere. Parishes will also be notified when the Bishop returns a cleric to ministry due to a finding that such an allegation is unfounded; appropriate steps will be taken to restore the cleric's good name, including the following:

- A. The Vicar General and the Director of the Office of Safe Environment will inform the Director of Communications as soon as possible when the Bishop has approved the withdrawal from or return to ministry of any cleric.
- B. The Vicar General, the Chancellor, Tribunal officials, Director of the Office of Safe Environment, the Diocesan General Counsel and the Director of Communications will develop the communication materials.
- C. The communication materials will then be submitted to the Vicar General, Chancellor, and the Bishop for final review and approval.

- E. After final approval, communication materials will be shared with the affected parish and the Voice of the Southwest. The same material will be posted on the Official Web Site of the Diocese of Gallup for sixty (60) days if the communication involves a withdrawal or return to ministry and for fourteen (14) days if the communication involves an announcement of an arrest, indictment or conviction of a priest anywhere who once served in the Diocese.
- F. Upon request from the public media, the Director of Communications or a designated representative will disseminate information regarding the cleric's withdrawal from ministry.
- G. The Diocese will not enter into any settlement which binds the parties to confidentiality unless the victim/survivor requests confidentiality and this request is noted in the text of the agreement.

Article 16. Report Procedures for Accused Persons Other than Clerics

(The same applies for religious and laypersons in similar situations.)
- C. A cleric or layperson holding an ecclesiastical office are subject to the rights and obligations provided by canon law, and can only be removed from a position through legitimate means. - D. Guidelines for Interactions with Perpetrators of Abuse of Minors (Sex Offenders): Any individual (cleric, religious or lay person) who is known to by the diocese to be a sex offender may not engage in activity with children in any program under the auspices of the diocese. This group includes any credible accused clergy or laity and anyone whose name is listed in the Registered Sex Offender national database. The following guidelines apply to these individuals:

This document is a compendium of the essential ethical and practical guidance that crosses multiple different ministries, duties and disciplines within the Diocese and its functions. Because it is impossible to compile a comprehensive list of specific acts constituting misconduct, employees and volunteers must use common sense, guided by the principles set forth above, to direct their behavior and to abide by the current policies of the Diocese. The major policies that guide the function and ethical performance of duties for all Diocesan personnel are as follows:

Diocese of Gallup Policy and Procedure Manual

Diocese of Gallup Policy and Procedures for the Protection of Minors.

Social Media Policy for the Diocese of Gallup

Finance Directives and Finance Council Norms for Parishes and Organizations in the Diocese of Gallup

Conflict of Interest Policy for the Diocese of Gallup

Office of Catholic Schools Administrative Handbook

By signing this I am stating that I have received a copy of the *Code of Ethics (Acknowledgement Form)*, I have read it, and understand it, and I agree to abide by it. I also am aware of the major Diocesan policies and my obligation to read and abide by any of the guidance in those documents which applies to my duties in my work and interaction with Diocese of Gallup and its personnel. I am aware that all of these policies are available on the Diocesan Webpage and I may obtain printed copies by request.

A violation of this *Code of Ethics* can result in disciplinary action up to and including removal from serving in programs and/or termination of employment. It may also result in a release of information to law enforcement officials, the church community and the public media. No right of privacy may be assumed in this circumstance.

Youth Volunteer Acknowledgement

Dear Parents/Guardians of students:

Your child has requested to volunteer with the Catholic parish or school program.

All youth volunteers will be asked to complete safe environment lessons through the religious education program or in a Catholic school. (It is permitted for parents to decline this education for your child by signing a form-letter for that purpose.) Any youth serving as a peer-leader will also be asked to review the *Diocese of Gallup Policy and Procedures for the Protection of Minors* and sign a *Diocesan Code of Ethics*. We ask that you review the contents of the second page of this permission form which provides an abbreviated portion of the *Code of Ethics* and *Interactions and Behaviors* from the *Policy and Procedures for the Protection of Minors*. Please retain that page.

Youth volunteers work in conjunction with adult supervisors. The youth volunteers are required to abide by the rules and requests established by the program supervisor.

The following information is from the *Diocese of Gallup Policy and Procedures for the Protection of Minors*:

Minors participating in service are an important part of many activities of the Diocese. This includes peer leaders and minors serving other minors. Following are standards for their service:

1. All minors serving as volunteers must attend an age/grade appropriate Safe Environment Education session annually or have an "Opt-out" letter. Documentation must be kept on file.
2. Minors serving as peer leaders for minors must be 12-18 years old and must sign the Diocesan Code of Ethics, be familiar with the *Policy and Procedures for the Protection of Minors* and have submitted a signed parental consent on the Youth Volunteer Acknowledgement Form. (See Appendix VII)
3. All other minors in recognized positions of service (altar servers, etc.) must have a parental consent on the Youth Volunteer Acknowledgement Form. (See Appendix VII)
4. Programs for minors shall be supervised or administered by at least two Safe Environment-trained adults.

By signing this document you are providing permission for your child to volunteer in the parish and/or school program and you will assist your child in ensuring a Safe Environment is maintained for all children and youth in the Diocese of Gallup.

Responsibilities as a youth volunteer for the safety of minors:

- Exhibit the highest Christian ethical standards and personal integrity
- Conduct themselves in a manner that is consistent with the discipline, norms, and teachings of the Catholic Church
- Encourage an environment that is free from all forms of abuse including intimidation, harassment or bullying.
- Immediately report any form of abuse to minors to an appropriate authority. This includes questionable behaviors by any adult such as described below.

Expectations of Adult Employees and volunteers while working with youth in ministry:

Adults can be expected to:

- always take actions in the best interest of the safety of the youth in their presence
- treat children and youth with respect
- exercise discipline in manner that does not belittle the youth
- communicate primarily to the group rather than individuals, especially in electronic media

Adults will not –

- use of tobacco products in the presence of minors
- possess, use or distribute alcohol or illegal drugs during youth ministry
- strike, spank, shake or slap children/youth
- frighten, humiliate, ridicule, threaten or degrade children/youth
- possess or distribute pornographic images by any type of media
- use their authority for their own benefit, particularly at the expense of a child
- use profanity in the presence of children.
- touch a child/youth in a sexual or other inappropriate manner such as:
 - any unwanted touch
 - lengthy or inappropriate front embrace
 - kisses on the mouth
 - touching buttock, chest or genital areas
 - wrestling or tackle football
 - tickling
 - massage; either to youth or receive from a youth
- be alone with a child or youth in a closed or private place (behind closed doors)
- give expensive gifts to youth/children
- show excessive favoritism toward certain children
- photograph individual children without parental consent
- tell off-color or sexual jokes or discuss sexual encounters
- tell secrets and ask youth to keep secrets, especially individuals
- use texting or other electronic media to arrange personal meetings with children
- use electronic media to discuss personal or intimate issues with a child

Peer-leaders:

Youths serving as Peer-leaders assume a role with responsibility similar to that as an adult. Therefore, nearly all of the expectations for adults apply to them as well. The ultimate goal of a safe environment for youth can only be accomplished through leadership with integrity at all levels.

Appendix VIII

Diocese of Gallup Transportation Policy

Policy Statement

As it carries out its mission in service of the Body of Christ, transportation is critical to many of the pastoral and charitable works of the Local Church. While never failing in this mission of service, we must at the same time seek to develop and implement practices aimed at limiting the risk associated with our transportation activities and protecting the financial and other assets that the faithful have made available to us specifically for the purpose of carrying out our mission. This risk management is the responsibility of all clergy, religious, lay employees, volunteers, and faithful in the Diocese of Gallup. Adherence to the Transportation Policy is required of all parishes and schools in the Diocese as well as other diocesan institutions.

Unacceptable Drivers

The following policy defines the standards for drivers as employees and volunteers for the Diocese of Gallup and its organizations. A driver becomes unacceptable when their record exceeds the number of accidents/violations in the guidelines below.

These standards are based upon the accident/violation history of the driver for the prior three years. The sources of driving history used in applying these standards will include those on the driver's Motor Vehicle Record, usually reported on a background check. It may be supplemented by reported incidents on an application, by insurance claims sources and by public sources of criminal or driving citations.

A driver is unacceptable if the driver's accident/violation history in the last three years:

1. Includes one or more of the following serious violations:
 - a. Driving under the influence of alcohol or drugs
 - b. Hit and run
 - c. Failure to report an accident
 - d. Negligent homicide arising out of the use of a motor vehicle
 - e. Operating during a period of suspension or revocation
 - f. Using a motor vehicle for the commission of a felony
 - g. Operating a motor vehicle without owner's authority (grand theft)
 - h. Permitting an unlicensed person to drive
 - i. Reckless driving
 - j. Speed contest
2. Consists of any combination of accidents and moving violations which total three.

All accidents must be included in the above determination, both "at fault" and "not at fault" accidents. While the latter may not have been caused by that driver, there is usually no way to make these distinctions from MVR information.

Except in states that forbid "non-employment" citations and accidents, all moving violations must be included in the above determination, whether the offense was committed with a commercial or a personal vehicle. A driver's personal driving habits and attitudes will almost universally be the same while driving a commercial vehicle.

Disqualification for driving under this directive may impose a restriction for hiring if driving is an essential element of the job description for proposed employment. A person may become ineligible to continue employment if the employee incurs citations that cause an unacceptable status after hiring.

These restrictions apply specifically to driving privileges. Criminal citations may invoke further restrictions for employment or volunteer opportunities as addressed elsewhere in other policies. Exceptions must be approved through the Office of the Bishop.

Safe Environment Training (SET)- Implementation

Catholic Diocese of Gallup

Managing the environment in which our children and vulnerable adults live and play requires constant vigilance and continued learning. The Office of Safe Environment of the Gallup Diocese is responsible to assist the Bishop and the Catholic community to maintain diligence in our task of protecting minors from harm. It will exercise this duty by maintaining a spectrum of education resources about safe environments for minors. Changes will be made in what is offered as new threats are identified and improved teaching products become available. The Bishop maintains approving authority for all programs. The following guidance is the current standard for SET until further notice:

1: Foundation Safe Environment Training (SET) for Adults

- A. *VIRTUS – Protecting Gods Children* is the standard foundational training for adults of the Diocese of Gallup. This three-hour workshop is led by a trained facilitator who will validate the training.
- B. Exceptions may be made to accept the credentials of visiting or transferring clergy, lay ministers or volunteers. Credit for foundational training programs in SET will be considered if properly documented and sent directly from the prior diocese, properly certified through the Chancellor's office. The sending diocese must be in compliance with the USCCB Charter for the Protection of Children and Young People to the satisfaction of the Bishop.
- C. The foundation training document for SET, either *VIRTUS* or an alternative, must be certified by the Office of Safe Environment, otherwise it is not valid.
- D. Exceptions may be made to take the foundation training online in lieu of the three-hour live workshop. This will be on a case by case basis for those who, for valid reasons, cannot attend a live workshop. This training must be approved by the Safe Environment Office.

2. On-going Education (Renewal) for Adults

Several alternatives will be made available for continuing education about the safe environment for minors. We hope to accommodate some differences in learning styles and in some cases limited access to electronic media.

- A. The preferred continuing education is conducted via the Internet through the *VIRTUS* Online program.
 - This consists of monthly Training Bulletins delivered to the Email address of the participants. Each instructional publication addresses a different aspect of protecting children. There are questions at the end of each publication to complete the training.
 - To satisfy the requirement to be current in SET the participant must complete all published training bulletins for the training year up through May 30th. Otherwise, on **June 30th they will become delinquent and no longer eligible to participate in ministry.**

(Continued)

- B. The second alternative for ongoing SET is VIRTUS - Keeping the Promise.
 - This is an instructional program available on the Internet. It is a review and update educational session with videos and interactive questions. Its focuses on refreshing the information presented in the original VIRTUS program plus updates on current threats to minors.
 - Only those who choose this method of renewal will be assigned this training session. Individuals choosing to use this form of education must notify the Office of Safe Environment (phone, letter, or email)
 - This training must be accomplished each year prior to June 30th. Otherwise the person is no longer eligible for ministry.
- C. The third alternative is to repeat another session of the foundation SET training. (Currently VIRTUS-Protecting God's Children)
 - This training may be done any time during the usual SET year but must be accomplished each year prior to June 30th. Otherwise the person is no longer eligible for ministry.

3. Certification of Code of Ethics for Adults

- A. The Diocese of Gallup Code of Ethics must be reviewed and signed by all new adults entering work or ministry in the diocese who are required to have SET.
- B. Clerics and employees of the diocese (those reporting directly to the Chancery) must sign this document annually. This process offers the opportunity to review the critical policies of the diocese, particularly those most pertinent to the ministry of each person. This document will reflect periodic changes as the various policies of the diocese are updated.
- C. Supervisors may elect to have employees and volunteers sign a new Code of Ethics document if changes occur in policies that need to be acknowledged.

4. Minors enrolled in Catholic Schools and/or Diocesan Religious Education Programs will be offered age appropriate Safe Environment Training during each academic year.

- A. These programs must be approved by the Bishop upon recommendation by the Office of Safe Environment and the Superintendent of Schools.
- B. The goal will be to complete the training early in the school year if possible.
- C. The training sessions must be announced to the parents with the opportunity to opt-in or opt-out of the education. The individual school and/or program must maintain documentation of completion of training and letters documenting parents' approval or declination of training.
- D. The parents who "opt-out" of the SET for their children should be offered materials on safe environment for children so they may instruct their own children. If a parent refuses to sign the "opt-out" letter, then the supervisor or designee must write a memorandum to be placed in the files.

(Continued)

- E. The current approved programs for the Religious Education at the parish level include two options:
1. *Teaching Touching Safety*. This program by VIRTUS has age-appropriate versions from kindergarten through 12th grades.
 2. *Protect Yourself Rules*. This program funded by the Barbara Sinatra Children's Center Foundation has age-appropriate instruction materials from kindergarten through 8th grade. (High school students will need to be taught from the *VIRTUS Teaching Touching Safety program*.)
- F. The program for the diocesan schools is the curriculum from RCL Benziger entitled *Family Life*.

5. Documentation:

- A. The Office of Safe Environment will track the performance of all adult personnel that engage the SET process. This includes the documentation of the foundation training event and on-going education. Regular reports will be issued to the parishes, school and other major components for the use of supervisors.
1. One-hundred percent registration on the VIRTUS website is expected. This will be accomplished by all those who take the VIRTUS foundation training. Registration information will be given to participants in order for them to get registered and complete ongoing training.
 2. All participants must let their supervisor know how they plan to complete ongoing training. If a participant indicates the choice to repeat the foundation course annually, the Safe Environment Office must be notified. This will allow the Safe Environment office to generate accurate reports.
- B. Responsibility to secure and maintain a current valid training status is a shared responsibility to include the offices of diocese, all subordinate parts and the individual minister, employee or teacher. However, it is the particular duty of the pastor, administrator, principal, or any other leader in charge of a program for minors that no one is allowed access to minors who is not properly trained and supervised.
- C. At the parish and program level it is essential that documentation files exist and are properly checked and updated as necessary. These files will have other required documents as specified elsewhere in this and other policies.
1. For adults individual files must be kept for each adult employee or volunteer. For proper SET documentation these personnel files must at a minimum include:
 - Documentation of foundational SET education
 - Validation of any on-going SET education
 - A signed copy of the Code of Ethics
 2. For minors the documentation is usually kept by classes, or by volunteer group but may be filed individually at the option of the supervisor. These files must include:
 - Documentation of SET education events for the academic year (July 1- June 30)
 - Consent letters for SET (or Opt-out letters) for each minor in the class/group
 - Memoranda documenting refusal of parent to sign for SET (if applicable)

Appendix XIII

Youth Safe Environment Packet for Travel Chaperones

A. Check prior to departure:

- 1) Secure signed parent permission forms which outlines the exact nature of the activity and location prior to leaving on a trip. This includes day and overnight trips.
- 2) Verify any allergies or other health issues. Make arrangements for the security of any medications.
- 3) Make certain that transportation arrangements meets the guidelines of the Diocese of Gallup Transportation Policy. Secure Driver Information Sheets and verify insurance coverage for all drivers and current driver's license are in hand.
- 4) Check for any required travel and insurance documents.

B. Suggestions for the lodging arrangements:

- 1) Seek to assure that rooms at a retreat center or hotel/motel empty into interior halls that are lighted and secure.
- 2) Seek hotels/motels with security officers on staff.
- 3) House those under the age of 18 together according to gender.
- 4) Ensure no adult rooms with a minor (except a child with a parent).
- 5) Make rooming lists available to the chaperones and the hotel security officer.
- 6) Ensure a safe environment for showering, bathing and dressing. Adults and minors shall do these activities at different times and, when possible, in different locations.
- 7) At least two adults should be present whenever minors are present with adults.

C. The general policy is that adults should not enter rooms designated only for youth, particularly the sleeping quarters. Exceptions may occur:

- 1) Dorm and large room facility settings where multiple participants are lodging overnight
 - two adults (minimum) may lodge in the same room as same-gender youth participants
 - try to use the beds closest to the door and farthest away from youths
- 2) A room designated for youth may be entered in the case of a serious concern for the health and well-being of the youth. In this situation the following guidance is given:
 - At least two adults should participate
 - Entrance should be announced verbally so youth may cover themselves for modesty.
 - The concerns which predicated the entrance/inspection should be explained to the youth.
 - The group/tour supervisor must be notified if not already informed.
 - A brief note should be written immediately after the event (no later than 8 hours) to document the incident. It should include the reason for the entry and the findings. The document should be signed and dated by all adults who participated and given to the group/tour supervisor. This information should be reported to the pastor or supervisor of the sponsoring organization upon return home.

The remainder of this packet should include the addition of copies of the following:

Appendix II	Signs of Abuse
Appendix IV	Report Form for Reporting Abuse of a Minor

Appendix IX	Roman Catholic Diocese of Gallup Driver Information Form

Appendix XIV

Face to Face Interview (Examples)

Initial Employment or pre-ministry:

This interview should be accomplished for all new employees and all Affected Volunteers (those involved with children or work in the same space). It may be incorporated into a larger pre-employment but the major issues should be documented for the record. The primary focus is to assure suitability for work in the environment with minors. It is a time to emphasize the commitment of the Diocese to the safety of children and no tolerance for any form of abuse of minors. **This document should be signed and dated and will remain in the person's file permanently.** The following are suggested questions and areas to discuss and document.

- 1) A review of the application document should be done with the applicant. Discuss any pertinent information or missing information.
- 2) Please explain why you are interested in obtaining a position within the Diocese of Gallup.
- 3) Please describe your experience working with children and adults, your degree, credentials, and any certifications you may hold.
- 4) What area(s) in particular are you interested in obtaining a position(s)?
- 5) Part of your responsibility in obtaining a position in the Diocese of Gallup is completing the Safe Environment Training, which involves understanding, detecting and possibly reporting child abuse. Are you willing to do this? Have you had previous training in this area?
- 6) Some positions require background checks and fingerprinting. Would that be a problem for you?
- 7) Other direct job related questions --
- 8) Is there any other information that you feel the Diocese needs to know to properly consider your application?

Ongoing Employment Interview (Periodic):

The principal reason for the later interviews is part of the annual review of the program for the protection of minors as an ongoing process of improvement. It also serves to provide insights into the health of the current ministry program. **This document should be signed and dated and kept permanently in the person's file.** Suggested questions would include:

- 1) Review current activity of the person being interviewed and note the degree of involvement with minors.
- 2) "Do you have any concerns about the safety of minors in the conduct of your current ministry?"
"How is the physical safety such as outer door security, and unsecured inner rooms."
"How about fire hazards or failure to follow policy or protocols for child safety?"
- 3) "Do you have any concerns about co-workers or outside persons due to inappropriate behavior toward minors or adults or regarding activity outside of the ministry that is contrary to church teachings?"
- 4) "Do you have any suggestions for improving the safety of minors in the activity of your ministry or the site of ministry?" Do you have any suggestions to make the program more effective?

Diocese of Gallup

Counseling for Persons Sexually Abused by Employees of the Church

Purpose: The leadership of the Diocese of Gallup recognizes the grave harm that sexual abuse causes, particularly when inflicted upon children. Although nothing can possibly erase all the negative effects of abuse, appropriate counseling has been shown to help abused persons to diminish the effects on their life and empower them to a better state of mental and emotional health.

Policy Statement: The Diocese of Gallup is committed provide proper counseling for those persons abused by clergy and other employees within our jurisdiction. This will usually take the form of payment for the services of qualified counselors. Certain procedures must be followed to establish the valid need for services, the liability of the diocese in each case, the certification of those providing the counseling, the mechanism for payments and rational scope and duration of services.

Definitions: The counseling for which the Diocese of Gallup is willing to pay is intended to be therapeutic in nature. This implies that there is an identified problem related to the abuse that is amenable to counseling. Objective goals must be defined for this treatment. Among those goals would be improved function and self-respect. One of the goals must also be an increased freedom from the effects of the past adverse events to include an expected decrease in the need for interventional treatment and, eventually, cessation of regular counseling. A target number of sessions is expected. A transition to non-therapeutic community support is anticipated. Our interpretation is that chronic, long-term counseling is not a proper outcome since it creates a state of counseling “addiction” which increases the dependency of the person rather than liberating them and is a constant reminder that they are impaired. It is recognized that an occasional resurgence of problems may occur do to external influences and life experiences. A brief period of additional counseling may be warranted in those cases.

Procedures: The first step to establish counseling support is to contact the diocese and validate the needs of the person abused. The survivors of abuse who have previously established their claim through the Chapter 11 proceedings (Case No. 13-13676-t11, effective August 10, 2016) are already identified. Other persons who desire monetary compensation will need to apply to the Trustee of the Chapter 11 settlement for consideration to be included in the “Unknown Tort Claims” provision contained in that legal action. Those persons desiring counseling may present their case directly to the Diocese of Gallup.

The point of contact is the Victim Assistance Coordinator (VAC). This officer will receive the request for services and the claims of the abuse. (The process can be handled through a representative but written authorization by the abused person would be required.) The VAC will require basic information about the person abused, the accused employee, the site of the abuse, the time frame and the effects of abuse for which counseling is requested. Additional independent investigation may be required at the discretion of the VAC based upon the initial information.

Once a valid need is defined, a source for counseling must be approved. We do not wish to be contentious in the matter, but it is necessary that we manage this process properly for the best benefit of the abused person and for proper business practices. If a counselor has already been identified, some information will be required to validate their qualifications. Usually a state license and documentation of malpractice insurance is adequate. A tax ID (W-9 Form) is also require for payment. If the abused person does not have a counselor in mind, the VAC can help locate a qualified counselor.

The usual number of sessions approved at the onset is ten (10). If there is a desire for additional sessions after that course, new contact with the VAC is required for authorization in advance. Written justification will be required. Usually this would be provided by the current counselor. Documentation would include: the diagnosis

addressed by the counseling, the current status of the person, a summary of progress, an assessment of persistent issues that are amenable to further counseling, a proposed plan that would include modalities of treatment to be employed, objective goals, estimated number of sessions required, and a target date to complete the treatment.

Our experience indicates that the customary charge for this type of treatment usually does not exceed \$100.00 per routine visit. The VAC must validate any charges for routine visits anticipated to exceed that cost due to locality differences. We do understand that the initial visit is more complex and will cost more. Charges for special diagnostic testing, if required, are an expected additional cost but should be clearly delineated on the bill. Special testing must be approved in advance if it exceeds \$300.00.

Invoices for payments should be submitted with clear identification of the person served by the counseling. Charges in excess of those authorized will not be paid. The invoices should be addressed to:

His Excellency, Bishop James Wall, has expressed his sincere regrets and apologies for any harm caused in the past by employees or volunteers of our diocese. He has coordinated an intensive program of training and vigilance to prevent any recurrence of this criminal behavior. He has instructed the staff of the diocese to offer whatever assistance is feasible to aid those who were abused. The counseling program is a part of that assistance. It is our hope that following the guidelines above, we can facilitate effective counseling and provide some healing for the lives of those who were affected.

Implementation Directives for Pope Francis's Apostolic Letter, *You Are the Light of the World (Vos Estis Vox Mundi)*

By Archbishop John C. Wester, Metropolitan, Province of Santa Fe

(The Province of Santa Fe includes the Archdiocese of Santa Fe, Dioceses of Las Cruces and Gallup,
and the Arizona Dioceses of Phoenix and Tucson)

ALBUQUERQUE – Monday, July 1, 2019—IMMEDIATE RELEASE—In 2002, the United States Conference of Catholic Bishops (USCCB) enacted the Charter for the Protection of Children and Young People, commonly referred to as the Dallas Charter. The bishops also received authority from the Vatican to make the Charter canon law for the Church in the United States. This comprehensive plan for the protection of children and young people includes a zero tolerance policy that requires priests and deacons who have committed child sexual abuse to be removed from ministry.

One criticism of the Charter has been that it does not apply to bishops or those equivalent in the law (abbots, for example). Pope Francis has remedied this deficiency with his recent Apostolic Letter entitled, *You Are the Light of the World (Vos Estis Vox Mundi)*. This means that the Pope has enacted universal law that pertains to the reporting and handling of complaints against bishops. Pope Francis has mandated that, starting June 1, 2019, a process be established for Church investigations of complaints against bishops for the sexual abuse of a minor. This process also addresses complaints against bishops for sexual acts involving adults regarded as vulnerable and for the negligent or intentional mishandling of such abuse or harassment cases. The process also mandates the internal reporting of such cases, offers whistleblower protection for those reporting and prohibits any imposition of silence on those reporting.

At the USCCB meeting held in Baltimore, MD, from June 11–14, 2019, the bishops of the United States voted on several action items pertaining to the Pope's Apostolic Letter, all of which received overwhelming approval. The first of these items was the "Implementation Directives." These directives outline the use of lay experts in the entire reporting and investigative process. They also call for a third party national reporting system (this will be up and running as soon as possible but no later than May 31, 2020.) The bishops also approved the "Protocols" for dealing with bishops who are removed or who resign for reasons related to sexual abuse or abuse of power. Finally, the bishops committed themselves to codes of conduct that include prohibitions against sexual misconduct and harassment. Moreover, they renewed their pledge to be subject to the Charter, to promote the ongoing formation for bishops and to include the expertise of lay professionals throughout the reporting process.

Please note that Pope Francis's Apostolic Letter and the measures passed by the United States bishops in Baltimore in June of 2019 refer to Catholic Church laws, policies and procedures. If you wish to report a bishop or his equivalent in law for a crime, then you must first call your local civic authorities, i.e., the police and the child protection agency in your area. Secondly, please call the third party national reporting system telephone number.

It is important to remember that even though it will take time to establish the national third party reporting system, the universal law is already in effect regarding the reporting and handling of complaints against bishops. Therefore, in the Province of Santa Fe, if you wish to report a bishop for the sexual abuse of a minor, sexual acts involving adults regarded as vulnerable and/or for mishandling such cases, please call the following number during regular business hours:

505.219.8743

If you call outside of business hours please leave a message, including your phone number, and your call will be returned as soon as possible. The layperson who handles these calls will immediately inform the Archbishop of Santa Fe as well as the Apostolic Nuncio in Washington, DC (the Apostolic Nuncio is the Pope's representative in the United States). This will begin the process of investigation, which will result in appropriate measures being taken based on that investigation. It is important to remember that even though the Pope has directed that Metropolitan Archbishops (archbishops of an archdiocese that includes other dioceses in what is called a "province"), are responsible for effecting this new mandate, qualified lay persons are involved in the entire process. These reports will be sent to Rome and action will be taken fairly and conclusively, and in a timely manner. If a report comes in about the Metropolitan Archbishop, then it will be directed to the senior suffragan bishop of the province who will direct the process. At present, the senior bishop in the Province of Santa Fe is Bishop Thomas Olmsted, Bishop of the Diocese of Phoenix. Once the national third party reporting system is in place, then the public will be notified and the Santa Fe Province number shown above will be discontinued.

If you have any questions or concerns regarding Pope Francis's Apostolic Letter or the decisions of the United States Catholic Bishops, please contact the Pastoral Center in your diocese. Please continue to pray for all victims of clergy sexual abuse and for the Church's efforts to provide a safe environment for all children and young people. May the Lord Jesus, who blessed the little children, bless our efforts as well--END
