What is Engaged Encounter?

The Catholic Engaged Encounter is a weekend event that challenges the participants to focus on their relationship as a couple and to talk honestly and intensively about their future together. It provides an atmosphere free of the tensions, pressures and interruptions of daily life.

The principal activity is a series of presentations by team couples addressing many aspects of marriage. The engaged couple is encouraged to reflect and then talk privately with each other. The topics focus on issues pertinent to forming a lasting and joy-filled marriage. Other activities include several spiritual and interactive events.

Who should attend?

The event is primarily designed to prepare a Catholic couple for marriage, but it is suitable for a woman and a man of any faith preparing for marriage who desire a deeper understanding of themselves and the abundant life of a faith-filled marriage. The retreat adheres to the teachings of the Catholic Church, particularly that marriage is sacramental. Catholic couples are reminded to contact their parish pastor as early as possible to begin the required preparation process. The couples who attend this weekend more than two months prior to their wedding obtain the maximum benefit. The retreat is suitable for couples in a wide variety of circumstances. Even those who have long-term relationships find the weekend rewarding.
